

TUXEDO™

**MICRO-NUTRIENT SEED TREATMENT**

- Technology improves micronutrient use efficiency for immediate plant uptake
- Speeds up field emergence to faster crop establishment

Seed Treatment for application to cereals, maize and oilseed rape seeds.

**SEED TREATMENT**

**EC FERTILISER(Class E.2.1.) with**

**Content**

**Copper (Cu) . . . . . 0.1%**

**Zinc (Zn) . . . . . 5.0%**

Derived from partial copper and zinc salt complexed by maleic-itaconic copolymer.

To be used only where there is a recognised need. Do not exceed the appropriate dose rate.

**Application**

**EQUIPMENT**

TUXEDO can be applied through all types of conventional seed treatment equipment. Before applications ensure all equipment is clean, correctly calibrated and in good serviceable condition.

**PRODUCT AND WATER VOLUME**

**For Cereals and Maize seeds.** Application rate is 1.3 litre of Tuxedo per tonne applied with minimum 2 litres of liquid. The 2 litres of liquid solution then applied per tonne of seed. If the 2 litre liquid solution is a tank mix of other seed treatments then the 1.3 litre of product should be added in last to the mix and applied immediately to the seed.

**For Oilseed Rape Seed.** Apply as above using 2.6 litres of Tuxedo per tonne in minimum 4 litres of liquid solution.

**COMPATIBILITY**

TUXEDO is compatible with most agrochemical and plant nutrition seed treatments. When using in mixture with other product(s) ensure the concentrates do not come into contact during mixing. Add TUXEDO as the final product.

**CLEANING**

Ensure all equipment is thoroughly cleaned in accordance with best practice.

**STORAGE**

Store in a cool, dry place. Keep container tightly closed and out of direct sunlight during extended storage. **Store above 0°C.**

**TREATED SEED STORAGE**

Ensure seed is of satisfactory moisture before storage.

Keep in dry place correctly labelled. Seed Tags available from Verdesian Life Sciences Europe.

**Recommended uses**

**CROPS INCLUDE**

Wheat, Barley, Oats, Rye, Maize and Oilseed Rape.

**OTHER CROPS**

**Conditions of supply:** Seller warrants that the product conforms to the chemical description and is reasonably fit for the purpose stated on this label when used in accordance with directions under normal conditions of use. Since weather, crop, soil and other conditions may vary, Verdesian Life Sciences and/or seller make no warranty of any kind, expressed or implied, concerning the use of this product. The user assumes all risks of use of handling, whether or not in accordance with directions or suggestions to the extent consistent with applicable law.

**Safety Precautions**

**(a) OPERATOR PROTECTION**

Engineering control of operator exposure must be used where reasonably practicable in addition to the following personal protective equipment: Wear suitable protective clothing (coveralls), protective gloves when handling the product, treated seed or contaminated surfaces. However, engineering controls may replace personal protective equipment if a COSHH assessment shows they provide an equal or higher standard of protection. Wash hands and exposed skin before meals and after work.

**(b) ENVIRONMENTAL PROTECTION**

Do not contaminate water with the product or its container. Do not clean application equipment near surface water. Avoid contamination via drains from farmyards and roads. Treated seed must not be

used as food or feed. Do not apply treated seed from the air. Do not re-use sacks or containers that have contained treated seed for food or feed. Label treated seed with the appropriate precautions using printed sacks, labels or bag tags supplied.

**(c) STORAGE AND DISPOSAL**

Keep in original container tightly closed in a safe place. Empty container completely and dispose of safely.

**User safety**

**TUXEDO WARNING**

- H315 Causes skin irritation.
- H317 May cause an allergic skin reaction.
- H319 Causes serious eye irritation.
- H411 Toxic to aquatic life without long lasting effects.
- P264 Wash hands thoroughly after handling.
- P280 Wear protective gloves and eye/face protection.
- P302 IF ON SKIN: Wash with plenty of soap and water.
- P305 IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.
- P333 If skin irritation or rash occurs: Get medical advice.
- P501 Dispose of contents/container in accordance with national regulation.
