VERDESIAN
THE NUTRIENT USE EFFICIENCY PEOPLE®

LYRA®
A VERDESIAN NUE SOLUTION®

A premium nutrient management solution for fertigated crops.

Comprised of Verdesian's co-polymer, Take-Off®, and Plus technologies that have repeatedly produced reliable results in many Verdesian products, **LYRA®** is formulated for fertigation applications in specialty and row crops. Applied in conjunction with fertigated nitrogen, LYRA has produced significant yield benefits in product trials across many crops and geographies.

PRODUCT BENEFITS

- Improves nutrient availability and uptake
- Optimizes fruit set and fruit quality
- Enhances abiotic stress tolerance

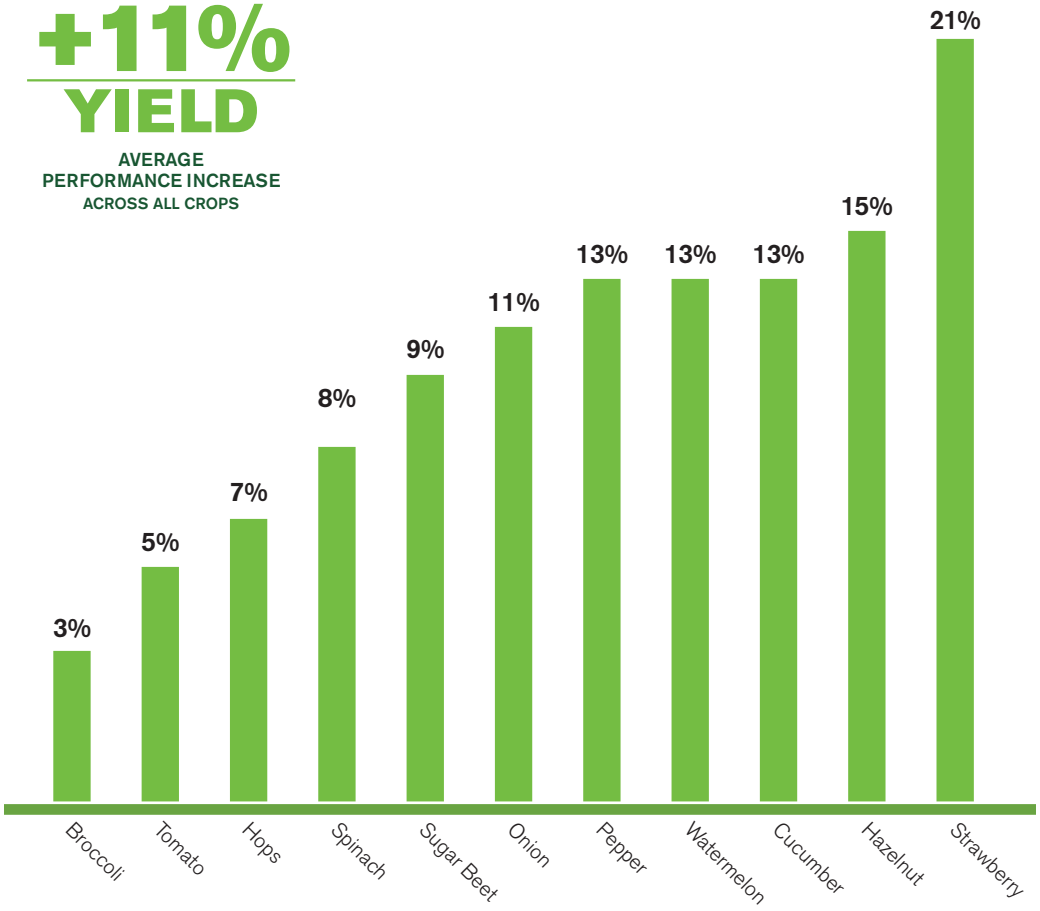

APPLICATION

- LYRA is intended for application in proportion to and in conjunction with applied nitrogen
- LYRA can be used on a wide variety of specialty crops (see label for details)

PROOF OF PERFORMANCE

Crop trials show a strong yield improvement against the grower standard of nitrogen management.

Verdesian & Partner Trials 2019-2024

CROP
Specialty and row crops

TIMING
In conjunction with any nitrogen application

RATE
0.2-0.216 fl oz (5.91-6.39 ml) per unit of nitrogen per acre

PACKAGE
2.5 gal, 265 gal, bulk
